# **II: Annual Update**

#### **Table 1 Priority Area and Annual Performance Indicators - Progress Report**

Priority #: 1

**Priority Area:** Coordination of Primary Care and Behavioral Health Services

Priority Type: SAT, MHS
Population(s): SMI, SED

#### Goal of the priority area:

Coordinate consumers' primary and behavioral healthcare in order to improve consumer health and reduce medical costs.

#### **Objective:**

#### Strategies to attain the goal:

- 1) Continue to coordinate preventative and preventive and primary care for Health Home participants
- 2) Continue outreach to Medicaid-enrolled adults who 1) have a substance use disorder or serious mental illness, 2) have high annual healthcare costs, and 3) are not currently enrolled in behavioral health treatment
- 3) Contract with the Missouri Institute for Mental Health for ongoing evaluation of Missouri's Health Home programs.

### Edit Strategies to attain the objective here:

(if needed)

#### -Annual Performance Indicators to measure goal success-

Indicator #: 1

**Indicator:** Number of participants in Health Homes per fiscal year

Baseline Measurement:31,616First-year target/outcome measurement:31,000Second-year target/outcome measurement:31,000

New Second-year target/outcome measurement(if needed):

**Data Source:** 

Missouri Medicaid Claims

#### New Data Source(if needed):

#### **Description of Data:**

The number of Health Home participants is determined from a Per member Per Month (PMPM) data file submitted to DMH from the Missouri Medicaid agency, MO HealthNet, on a monthly basis. These are individuals who participated at any time during the specified fiscal year.

#### New Description of Data:(if needed)

#### Data issues/caveats that affect outcome measures:

None

#### New Data issues/caveats that affect outcome measures:

Priority #: 2

**Priority Area:** Crisis Intervention

Priority Type: SAT, MHS
Population(s): SMI, SED

#### Goal of the priority area:

Promote safety and emotional stability, minimize further deterioration in mental state, increase access to treatment and support services, and improve individual outcomes for individuals in behavioral health crisis; better utilize limited criminal justice and healthcare resources by linking individuals in need of behavioral healthcare services with those services.

#### **Objective:**

## Strategies to attain the goal:

- 1) Identify and address structural barriers, miscommunications, and consistent patters that reduce access to behavioral healthcare services.
- 2) Provide behavioral health expertise to law enforcement, court personnel, and primary healthcare staff in order to more effectively respond to behavioral health crises.
- 3) Advocate for and engage individuals in crisis in behavioral health treatment and support services.
- 4) Provide immediate person-centered interventions to individuals in behavioral health crisis and facilitate timely access to services and supports.

Strategies to attain the goal:

substance use disorder treatment in order to facilitate rapid assessment and treatment initiation.

- 2) Maintain Memorandum of Understandings (MOU) with the Department of Corrections for coordination of behavioral health treatment services.
- 3) Continue the CMHT Community Mental Health Treatment and OSMI Offenders with Serious Mental Illness programs.
- 4) Continue to participate on the DOC Oversight Committee.
- 5) Coordinate with DOC to administrate the JRITP with a focus on reducing the risk of harm due to substance use and mental health conditions, reducing recidivism, improving opportunities for employment or education, and improving the availability of stable housing.

# Strategies to attain the goal:

- 1) Continue to grow the number of Certified Peer Specialists working in Missouri's behavioral health treatment and recovery system of care.
- 2) Continue the four Drop-In Centers and five Peer Support Phone Lines for persons with mental Illness
- 3) Promote the use of IPS Support Employment
- 4) Promote the use of Family Support
- 5) Promote the use of Recovery Support Services
- 6) Maintain a housing unit to administer the Shelter Plus Care grants to provide housing assistance to the Chronically homeless

# Edit Strategies to attain the objective here: (if needed)

# Strategies to attain the goal:

**Objective:** 

- 1) Build state and community capacity for fostering strong partnerships and identifying new opportunities for collaboration.
- 2) Further data capacity in support of data-driven strategic planning to include the continuation of the Missouri Student Survey and the Behavioral Health web tool.
- 3) Fund evidence-based programming to prevent substance use and bulling among high-risk youth.

4) Continue the education initiative in Eastern Missouri to address heroin and other opiate drug use.

Population(s): SMI, SED

#### Goal of the priority area:

Promote collaboration, implementation of effective interventions and supports, and enhance skills of individuals who work with transition-aged youth, young adults and their families with behavioral health needs including those that may be at risk of a First Episode Psychosis.

#### Objective:

#### Strategies to attain the goal:

- 1) Continue to participate in the Oversight Advisory Group which focuses on the needs of youth/young adults with behavioral health issues including being at risk of or experience First Episode Psychosis.
- 2) Provide education on the importance of advocacy, prevention, early identification/intervention, and evidence-based treatment.
- 3) Provide training on evidence-based and promising practices.
- 4) Expand Integrated Treatment for Co-Occurring Disorders (ITCD) services to meet the unique needs of the transition-aged youth/young adult population.
- 5) Promote ACT TAY programs statewide.

# SABG COVID Testing and Mitigation Program Report for 9/1/2021 – 9/30/2021 Missouri Department of Mental Health

SABG COVID Testing and Mitigation Program Report for 9/1/2021 - 9/30/2021 Missouri Department of Mental Health						
Item/Activity	Amount of Expenditure					

The Missouri Department of Mental Health will not have any expenditures for this timeframe as we need authority to spend through the State Legislative process. We should have it fully, or close to, expended by the end of June.

#### **Table 2A - State Agency Expenditure Report**

Expenditure Period Start Date: 7/1/2020 Expenditure Period End Date: 6/30/2021

Activity (See instructions for entering expenses in Row 1)	A. SA Block Grant	B. MH Block Grant	C. Medicaid (Federal, State, and Local)	D. Other Federal Funds (e.g., ACF (TANF), CDC, CMS (Medicare) SAMHSA, etc.)	E. State Funds	F. Local Funds (excluding local Medicaid)	G. Other	H. COVID -19 <sup>1</sup>
Substance Abuse  Prevention <sup>2</sup> and Treatment	\$16,068,199.95		\$65,361,284.22	\$16,604,200.90	\$42,757,407.15	\$0.00	\$0.00	\$0.00
a. Pregnant Women and Women with Dependent Children <sup>2</sup>	\$2,254,998.53		\$1,246,122.98	\$0.00	\$4,304,204.27	\$0.00	\$0.00	\$0.00
b. All Other	\$13,813,201.42		\$64,115,161.24	\$16,604,200.90	\$38,453,202.88	\$0.00	\$0.00	\$0.00
2. Substance Abuse Primary Prevention	\$5,875,866.96		\$0.00	\$5,559,458.55	\$1,453,631.51	\$0.00	\$0.00	\$0.00
3. Tuberculosis Services	\$95.00		\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00
4. Early Intervention Services Regarding the Human Immunodeficiency Virus (EIS/HIV) <sup>3</sup>	\$0.00		\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00
5. State Hospital								
6. Other 24 Hour Care								
7. Ambulatory/Community Non-24 Hour Care								
8. Mental Health Primary Prevention								
9. Evidenced Based Practices for First Episode Psychosis (10% of the state's total MHBG award)								
10. Administration (Excluding Program and Provider Level)	\$1,354,972.99		\$0.00	\$1,754,298.19	\$1,121,184.00	\$0.00	\$0.00	\$0.00
11. Total	\$23,299,134.90	\$0.00	\$65,361,284.22	\$23,917,957.64	\$45,332,222.66	\$0.00	\$0.00	\$0.00

<sup>&</sup>lt;sup>1</sup>The 24-month expenditure period for the COVID-19 Relief supplemental funding is **March 15, 2021 – March 14, 2023**, which is different from the expenditure period for the "standard" SABG and MHBG. Per the instructions, the standard SABG expenditures are for the state expenditure period of July 1, 2021 – June 30, 2023, for most states.

#### **Table 4 - State Agency SABG Expenditure Compliance Report**

This table provides a description of SABG expenditures for authorized activities to prevent and treat SUDs. For detailed instructions, refer to those in BGAS. Only one column is to be filled in each year.

Expenditure Period Start Date: 10/1/2018 Expenditure Period End Date: 9/30/2020

Expenditure Category	FY 2019 SA Block Grant Award
1. Substance Abuse Prevention <sup>1</sup> and Treatment	\$20,141,195.51
2. Primary Prevention	\$5,312,862.55
3. Tuberculosis Services	\$95.00
4. Early Intervention Services Regarding the Human Immunodeficiency Virus (EIS/HIV) <sup>2</sup>	\$0.00
5. Administration (excluding program/provider level)	\$1,107,012.29
Total	\$26,561,165.35

<sup>&</sup>lt;sup>1</sup>Prevention other than Primary Prevention

#### **Footnotes:**

Amount of primary prevention funds for primary prevention programs (this amount should match the total reported in Table 5a and Table 5b) \$4,273,687.65

Amount of primary prevention funds in Table 4, Line 2 that are for Prevention-SA resource development (this amount should not include funds reported in Table 5a or Table 5b) \$1,039,174.90.

<sup>&</sup>lt;sup>2</sup>Only designated states as defined in 42 U.S.C. § 300x-24(b)(2) and 45 CFR § 96.128(b) for the applicable federal fiscal year should enter information in this row. This may include a state or states that were previously considered "designated states" during any of the three prior federal fiscal years for which a state was applying for a grant. See EIS/HIV policy change in SABG Annual Report instructions.

0930-0168 Approved: 04/19/2019 Expires: 04/30/2022

#### **Table 5a - SABG Primary Prevention Expenditures Checklist**

The State or jurisdiction must complete either SABG Table 5a and/or 5b. There are six primary prevention strategies typically funded by principal agencies administering the SABG. Expenditures within each of the six strategies or Institute of Medicine Model (IOM) should be directly associated with the cost of completing the activity or task. For example, information dissemination may include the cost of developing pamphlets, the time of participating staff and/or the cost of public service announcements, etc. If a state or jurisdiction employs strategies not covered by these six categories, please report them under "Other," each in a separate row.

Expenditure Period Start Date: 10/1/2018 Expenditure Period End Date: 9/30/2020

Section 1926 – Tobacco: Costs associated with the Synar Program Pursuant to the January 19, 1996 federal regulation "Tobacco Regulation for Substance Abuse Prevention and Treatment Block Grants, Final Rule" (45 CFR § 96.130), a state may not use the SABG to fund the enforcement of its statute, except that it may expend funds from its primary prevention set aside of its Block Grant allotment under 45 CFR §96.124(b)(1) for carrying out the administrative aspects of the requirements, such as the development of the sample design and the conducting of the inspections. States should include any non-SABG funds\* that were allotted for Synar activities in the appropriate columns under 7 below.

<sup>\*</sup>Please list all sources, if possible (e.g.., Centers for Disease Control and Prevention, Block Grant, foundations, etc.)

#### Table 5b - SABG Primary Prevention Expenditures by Institute of Medicine (IOM) Categories

The state or jurisdiction must complete SABG Table 5b if it chooses to report SUD primary prevention activities utilizing the IOM Model of Universal, Selective and Indicated. Indicate how much funding supported each of the IOM classifications of Universal, Selective, or Indicated. Include all funding sources (e.g., Centers for Disease Control and Prevention Block Grant, foundations).

Expenditure Period Start Date: 10/1/2018 Expenditure Period End Date: 9/30/2020

Activity	SA Block Grant Award	Other Federal Funds	State Funds	Local Funds	Other
Universal Direct	\$2,047,951.29	\$2,543,041.45	\$1,553,157.39	\$0.00	\$0.00

#### Table 5c - SABG Primary Prevention Priorities and Special Population Categories

The purpose of the first table is for the state or jurisdiction to identify the substance and/or categories of substances it identified through its needs assessment and then addressed with primary prevention set-aside dollars from the FY 2019 SABG NoA. The purpose of the second table is to identify each special population the state or jurisdiction selected as a priority for primary prevention set-aside expenditures.

<sup>&</sup>lt;sup>1</sup>SABG integrated expenditures are expenditures for non-direct services/system development that cannot be separated out of the amounts devoted specifically to treatment or prevention. For Column C, do not include any amounts already accounted for in Column A, SABG Treatment and/or Column B, SABG Prevention.

Footnotes:	

#### **Table 7 - Statewide Entity Inventory**

This table provides a report of the sub-recipients of SABG funds including community- and faith-based organizations which provided SUD prevention activities and treatment services, as well as intermediaries/administrative service organizations. Table 7 excludes resource development expenditures.

#### Footnotes:

Table 11B: Missouri's spending authority for the COVID-19 Relief Supplemental funds began with the start of State Fiscal Year 2022. None of Missouri's COVID-19 Relief funds were spent in State Fiscal Year 2021.

Table 11C: Missouri DMH does not collect gender identity or sexual orientation.

# **IV: Population and Services Reports**

## Table 12 - SABG Early Intervention Services Regarding the Human Immunodeficiency Virus (EIS/HIV) in Designated States

Expenditure Period Start Date: 7/1/2020 Expenditure Period End Date: 6/30/2021

Early Intervention S	Services for Human Immunodeficiency Virus (F	HV)
Number of SAPT HIV EIS programs funded in the State	Statewide:	Rural:
Total number of individuals tested through SAPT HIV     EIS funded programs		
3. Total number of HIV tests conducted with SAPT HIV EIS funds		
4. Total number of tests that were positive for HIV		
5. Total number of individuals who prior to the 12- month reporting period were unaware of their HIV infection		
6. Total number of HIV-infected individuals who were diagnosed and referred into treatment and care during the 12-month reporting period		
Identify barriers, including State laws and regulations, that ex	xist in carrying out HIV testing services:	
0930-0168 Approved: 04/19/2019 Expires: 04/30/2022		
Footnotes: Missouri is not an HIV designated state.		

# **IV: Population and Services Reports**

#### **Table 13 - Charitable Choice**

Under Charitable Choice Provisions; Final Rule (42 CFR Part 54), states, local governments, and religious organizations, such as SAMHSA grant recipients, must: (1) ensure that religious organizations that are providers provide to all potential and actual program beneficiaries (services recipients) notice of their right to alternative services; (2) ensure that religious organizations that are providers refer program beneficiaries to alternative services; and (3) fund and/or provide alternative services. The term "alternative services" means services determined by the state to be accessible and comparable and provided within a reasonable period of time from another substance abuse provider ("alternative provider") to which the program beneficiary (services recipient) has no religious objection. The purpose of this table is to document how the state is complying with these provisions.

within	a reasonable period of time from another substance abuse provider ("alternative provider") to which the program beneficiary (services recipied religious objection. The purpose of this table is to document how the state is complying with these provisions.
Expend	diture Period Start Date: 7/1/2020 Expenditure Period End Date: 6/30/2021
Notic	e to Program Beneficiaries - Check all that apply:
~	Used model notice provided in final regulation.
	Used notice developed by State (please attach a copy to the Report).
~	State has disseminated notice to religious organizations that are providers.
~	State requires these religious organizations to give notice to all potential beneficiaries.
Refer	rals to Alternative Services - Check all that apply:
	State has developed specific referral system for this requirement.
~	State has incorporated this requirement into existing referral system(s).
~	SAMHSA's Behavioral Health Treatment Locator is used to help identify providers.
~	Other networks and information systems are used to help identify providers.
~	State maintains record of referrals made by religious organizations that are providers.
0	Enter the total number of referrals to other substance abuse providers ("alternative providers") necessitated by religious objection, as defined above, made during the State fiscal year immediately preceding the federal fiscal year for which the state is applying for funds. Provide the total only. No information on specific referrals is required. If no alternative referrals were made, enter zero.
	de a brief description (one paragraph) of any training for local governments and/or faith-based and/or community nizations that are providers on these requirements.
betwee	ery Support Services (RSS) supports a voucher-based program, of which consumer choice is fundamental. Each consumer served can choose en at least two service providers, to which at least one they have no religious objection. That basic premise is repeated in all RSS policies and gs. Additionally, a free-choice statement is printed on every RSS voucher.

Clients abstinent from Drug at discharge among clients abstinent from Drug at admission (regardless of primary problem)

	At Admission(T1)	At Discharge(T2)
Number of clients abstinent from drugs at discharge among clients abstinent from drugs at admission [numerator]		0
Number of clients abstinent from drugs at admission (records with at least one substance/frequency of use at admission and discharge [denominator]	0	
Percent of clients abstinent from drugs at discharge among clients abstinent from Drug at admission [#T2 / #T1 x 100]		0.0 %
Notes (for this level of care):		
Number of CY 2020 admissions submitted:		0
Number of CY 2020 discharges submitted:		0
Number of CY 2020 discharges linked to an admission:		0
Number of linked discharges after exclusions (excludes: detox, hospital inpatient, opioid replacement clients; d	eaths; incarcerated):	0
Number of CY 2020 linked discharges eligible for this calculation (non-missing values):		0

Source: SAMHSA/CBHSQ TEDS CY 2020 admissions file and CY 2020 linked discharge file [Records received through 12/1/2021]

#### A. DRUG ABSTINENCE AMONG ALL CLIENTS - CHANGE IN ABSTINENCE (From Admission to Discharge)

Drug Abstinence - Clients with no Drug use at admission vs. discharge, as a percent of all clients (regardless of primary problem)

	At Admission(T1)	At Discharge(T2)
Number of clients abstinent from drugs [numerator]	5,385	4,962
All clients with non-missing values on at least one substance/frequency of use [denominator]	9,131	9,131
Percent of clients abstinent from drugs	59.0 %	54.3 %

#### B. DRUG ABSTINENCE AT DISCHARGE, AMONG DRUG USERS AT ADMISSION

Clients abstinent from Drug at discharge among clients using Drug at admission (regardless of primary problem)

	At Admission(T1)	At Discharge(T2)
Number of clients abstinent from drugs at discharge among clients using drugs at admission [numerator]		1,056
Number of clients using drugs at admission (records with at least one substance/frequency of use at admission and discharge [denominator]	3,746	
Percent of clients abstinent from drugs at discharge among clients using Drug at admission [#T2 / #T1 x 100]		28.2 %

#### C. DRUG ABSTINENCE AT DISCHARGE, AMONG DRUG ABSTINENT AT ADMISSION

Clients abstinent from Drug at discharge among clients abstinent from Drug at admission (regardless of primary problem)

	At Admission(T1)	At Discharge(T2)
Number of clients abstinent from drugs at discharge among clients abstinent from drugs at admission [numerator]		3,906
Number of clients abstinent from drugs at admission (records with at least one substance/frequency of use at admission and discharge [denominator]	5,385	
Percent of clients abstinent from drugs at discharge among clients abstinent from Drug at admission [#T2 / #T1 x 100]		72.5 %
Notes (for this level of care):		
Number of CY 2020 admissions submitted:		9,527
Number of CY 2020 discharges submitted:		10,412
Number of CY 2020 discharges linked to an admission:		10,387
Number of linked discharges after exclusions (excludes: detox, hospital inpatient, opioid replacement clients; d	eaths; incarcerated):	9,506
Number of CY 2020 linked discharges eligible for this calculation (non-missing values):		9,131

# TABLE 21 - SUBSTANCE ABUSE PREVENTION NOMS DOMAIN: REDUCED MORBIDITY - ABSTINENCE FROM DRUG USE/ALCOHOL USE MEASURE: 30-DAY USE

A. Measure	B.  Question/Response	C. Pre- populated Data	D. Approved Substitute Data
1. 30-day Alcohol Use	Source Survey Item: NSDUH Questionnaire. "Think specifically about the past 30 days, that is, from [DATEFILL] through today. During the past 30 days, on how many days did you drink one or more drinks of an alcoholic beverage?[Response option: Write in a number between 0 and 30.] Outcome Reported: Percent who reported having used alcohol during the past 30 days.		
	Age 12 - 20 - CY 2018 - 2019		
	Age 21+ - CY 2018 - 2019		
2. 30-day Cigarette Use	Source Survey Item: NSDUH Questionnaire: "During the past 30 days, that is, since [DATEFILL], on how many days did you smoke part or all of a cigarette?[Response option: Write in a number between 0 and 30.]  Outcome Reported: Percent who reported having smoked a cigarette during the past 30 days.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
3. 30-day Use of Other Tobacco Products	Survey Item: NSDUH Questionnaire: "During the past 30 days, that is, since [DATEFILL], on how many days did you use [other tobacco products] <sup>[1]</sup> ? [Response option: Write in a number between 0 and 30.]  Outcome Reported: Percent who reported having used a tobacco product other than cigarettes during the past 30 days, calculated by combining responses to questions about individual tobacco products (cigars, smokeless tobacco, pipe tobacco).		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
4. 30-day Use of Marijuana	Source Survey Item: NSDUH Questionnaire: "Think specifically about the past 30 days, from [DATEFILL] up to and including today. During the past 30 days, on how many days did you use marijuana or hashish?[Response option: Write in a number between 0 and 30.]  Outcome Reported: Percent who reported having used marijuana or hashish during the past 30 days.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
5. 30-day Use of Illegal Drugs Other Than Marijuana	Source Survey Item: NSDUH Questionnaire: "Think specifically about the past 30 days, from [DATEFILL] up to and including today. During the past 30 days, on how many days did you use [any other illegal drug]? <sup>[2]</sup> Outcome Reported: Percent who reported having used illegal drugs other than marijuana or hashish during the past 30 days, calculated by combining responses to questions about individual drugs (heroin, cocaine, hallucinogens, inhalants, methamphetamine, and misuse of prescription drugs).		
	Age 12 - 17 - CY 2018 - 2019

# Table 23 - SUBSTANCE ABUSE PREVENTION NOMS DOMAIN: REDUCED MORBIDITY-ABSTINENCE FROM DRUG USE/ALCOHOL USE; MEASURE: AGE OF FIRST USE

A. Measure	B. Question/Response	C. Pre- populated Data	D. Approved Substitute Data
1. Age at First Use of Alcohol	Source Survey Item: NSDUH Questionnaire: "Think about the first time you had a drink of an alcoholic beverage. How old were you the first time you had a drink of an alcoholic beverage? Please do not include any time when you only had a sip or two from a drink. [Response option: Write in age at first use.]  Outcome Reported: Average age at first use of alcohol.		
	Age 12 - 20 - CY 2018 - 2019		
	Age 21+ - CY 2018 - 2019		
2. Age at First Use of Cigarettes	Source Survey Item: NSDUH Questionnaire: "How old were you the first time you smoked part or all of a cigarette? [Response option: Write in age at first use.]  Outcome Reported: Average age at first use of cigarettes.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
3. Age at First Use of Tobacco Products Other Than Cigarettes	Source Survey Item: NSDUH Questionnaire: "How old were you the first time you used [any other tobacco product] <sup>[1]</sup> ? [Response option: Write in age at first use.]  Outcome Reported: Average age at first use of tobacco products other than cigarettes.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
4. Age at First Use of Marijuana or Hashish	Source Survey Item: NSDUH Questionnaire: "How old were you the first time you used marijuana or hashish?[Response option: Write in age at first use.]  Outcome Reported: Average age at first use of marijuana or hashish.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
5. Age at First Use Heroin	Source Survey Item: NSDUH Questionnaire: "How old were you the first time you used heroin? [Response option: Write in age at first use.]  Outcome Reported: Average age at first use of heroin.		
	Age 12 - 17 - CY 2018 - 2019		
	Age 18+ - CY 2018 - 2019		
6. Age at First Misuse of Prescription Pain Relievers Among Past Year Initiates	Source Survey Item: NSDUH Questionnaire: "How old were you the first time you used [specific pain reliever] <sup>[2]</sup> in a way a doctor did not direct you to use it?"[Response option: Write in age at first use.]  Outcome Reported: Average age at first misuse of prescription pain relievers among those who first misused prescription pain relievers in the last 12 months.		

Age 12 - 17 - CY 2018 - 2019	
Age 18+ - CY 2018 - 2019	

[1]The question was asked about each tobacco product separately, and the youngest age at first use was taken as the measure. [2]The question was asked about each drug in this category separately, and the youngest age at first use was taken as the measure. 0930-0168 Approved: 04/19/2019 Expires: 04/30/2022

Alcohol-Related Traffic Fatalities	<b>Source:</b> National Highway Traffic Safety Administration Fatality Analysis Reporting System <b>Measure calculation:</b> The number of alcohol-related traffic fatalities divided by the total number of traffic fatalities and multiplied by 100.		
	CY 2019	32.0	

# Table 28 - SUBSTANCE ABUSE PREVENTION NOMS DOMAIN: CRIME AND CRIMINAL JUSTICE MEASURE: ALCOHOL- AND DRUG-RELATED ARRESTS

A. Measure	B. Question/Response	C. Pre- populated Data	D. Approved Substitute Data
Alcohol- and Drug- Related Arrests	Source: Federal Bureau of Investigation Uniform Crime Reports  Measure calculation: The number of alcohol- and drug-related arrests divided by the total number of arrests and multiplied by 100.		
	CY 2019	3.5	

# Table 29 - SUBSTANCE ABUSE PREVENTION NOMS DOMAIN: SOCIAL CONNECTEDNESS; MEASURE: FAMILY COMMUNICATIONS AROUND DRUG AND ALCOHOL USE

A. Measure	B. Question/Response	C. Pre- populated Data	D. Approved Substitute Data
1. Family Communications Around Drug and Alcohol Use (Youth)	Source Survey Item: NSDUH Questionnaire: "Now think about the past 12 months, that is, from [DATEFILL] through today. During the past 12 months, have you talked with at least one of your parents about the dangers of tobacco, alcohol, or drug use? By parents, we mean either your biological parents, adoptive parents, stepparents, or adult guardians, whether or not they live with you.?[Response options: Yes, No]  Outcome Reported: Percent reporting having talked with a parent.		
	Age 12 - 17 - CY 2018 - 2019		
2. Family Communications Around Drug and Alcohol Use (Parents of children aged 12-17)	Source Survey Item: NSDUH Questionnaire: "During the past 12 months, how many times have you talked with your child about the dangers or problems associated with the use of tobacco, alcohol, or other drugs? <sup>[1]</sup> [Response options: 0 times, 1 to 2 times, a few times, many times]  Outcome Reported: Percent of parents reporting that they have talked to their child.		
	Age 18+ - CY 2018 - 2019		

[1]NSDUH does not ask this question of all sampled parents. It is a validation question posed to parents of 12- to 17-year-old survey respondents. Therefore, the responses are not representative of the population of parents in a State. The sample sizes are often too small for valid reporting.

#### **General Questions Regarding Prevention NOMS Reporting**

Question 1. Describe the data conection system you used to conect the NOMS data (e.g., MD3, DDB, KIT Solutions, manual process).
Missouri is using a manual data collection system.

**Question 2:** Describe how your State's data collection and reporting processes record a participant's race, specifically for participants who are more than one race.

Indicate whether the State added those participants to the number for each applicable racial category or whether the State added all those partipants to the More Than One Race subcategory.

Missouri collected and recorded a participant's race through a manual collection process. Participants who were more than one race were reported under a single race or "race not known or other" until September 2016. Starting in October 2016, Missouri added a subcategory for more than one race.

Table 31 - SUBSTANCE ABUSE PREVENTION - Individual-Based Programs and Strategies: Number of Persons Served by Age, Gender, Race, and Ethnicity

Category	Total

Footnotes:
Missouri is opting out of this form.

#### Table 34 - Substance Abuse Prevention - Evidence-Based Programs and Strategies by Type of Intervention

Definition of Evidence-Based Programs and Strategies: The guidance document for the Strategic Prevention Framework State Incentive Grant, Identifying and Selecting Evidence-based Interventions, provides the following definition for evidence-based programs:

- Inclusion in a Federal List or Registry of evidence-based interventions
- Being reported (with positive effects) in a peer-reviewed journal
- Documentation of effectiveness based on the following guidelines:
  - Guideline 1:

The intervention is based on a theory of change that is documented in a clear logic or conceptual model; and

Guideline 2:

The intervention is similar in content and structure to interventions that appear in registries and/or the peer-reviewed literature; and

Guideline 3:

The intervention is supported by documentation that it has been effectively implemented in the past, and multiple times, in a manner attentive to Identifying and Selecting Evidence-Based Interventions scientific standards of evidence and with results that show a consistent pattern of credible and positive effects; and

- Guideline 4:
  - The intervention is reviewed and deemed appropriate by a panel of informed prevention experts that includes: well-qualified prevention researchers who are experienced in evaluating prevention interventions similar to those under review; local prevention practitioners; and key community leaders as appropriate, e.g., officials from law enforcement and education sectors or elders within indigenous cultures.
- 1. Describe the process the State will use to implement the guidelines included in the above definition.

Missouri utilizes the Strategic Prevention Framework model to implement the four guidelines. The process includes: assessment of the community needs and readiness; capacity building to mobilize and address the needs of the community; development of a prevention plan to identify the activities, programs, and strategies necessary to address the needs; implementation of the prevention plan; and evaluation of the results to achieve sustainability and cultural competency. Missouri identifies appropriate strategies based on validated research, empirical evidence of effectiveness, and the use of local, state, and federal key community prevention leaders such as National Prevention Network and SAMHSA's Center for Substance Abuse Prevention. The Division of Behavioral Health ultimately determines whether or not a chosen intervention falls under the parameters of the guidelines.

2. Describe how the State collected data on the number of programs and strategies. What is the source of the data?

Missouri collects data on the number of programs and strategies through a manual collection process utilizing monthly progress and fidelity reporting forms.

Table 34 - SUBSTANCE ABUSE PREVENTION Number of Evidence-Based Programs and Strategies by Type of Intervention

	A. Universal Direct	B. Universal Indirect	C. Universal Total	D. Selective	E. Indicated	F. Total
